EDUCATION

Texas A&M University, College Station, Texas
Freshmen Engineering Major (Aspiring Computer Science Major)

Class of 2027

EXPERIENCE

StoneEagle, Richardson, Texas
Software Engineer Intern

June 2022/2023 – August 2022/2023

- ☐ Gained hands-on experience in C#, JavaScript, and React
- ☐ Collaborated with senior developers to optimize both business processes.
- ☐ In the first summer was given one project to complete over the course of the summer but finished within the first couple of weeks. Completed 4 major projects, each of which was intended to last until the end of the summer. Given bottomless list of tasks the following summer.

Kenny's Burger Joint, City, State
Waiter / iOS & Web Developer

July 2020 – August 2023

- ☐ Started as a host and progressed to a server position, demonstrating dedication and strong work ethic.
- ☐ Developed an iOS app for restaurant marketing during the pandemic, which was subsequently pitched and sold to the CEO.
- ☐ Transitioned app to an internal application for the restaurant after revenues rebounded.
- ☐ Created a schedule management software for managers, automating schedule creation processes.

SKILLS

- ☐ **Technical Skills:** Python, Java, Swift, C#, HTML, CSS, JavaScript, React, Django, Manim. As well as frameworks like Scrum and Gitflow
- ☐ **Problem Solving:** Proven ability to tackle complex problems logically and efficiently.
- ☐ **Quick Learner:** Demonstrated capacity to rapidly acquire new programming languages and technologies on the fly. (Was not familiar with Javascript or React prior to working with StoneEagle)
- ☐ **Effective Communication:** Strong interpersonal skills and the ability to convey technical concepts to non-technical stakeholders.
